IN THE EIGHTH JUDICIAL DISTRICT COURT OF DUCHESNE COUNTY

STATE OF UTAH

IN THE MATTER OF THE GENERAL
DETERMINATION OF ALL THE RIGHTS
TO THE USE OF WATER BOTH
SURFACE AND UNDERGROUND
WITHIN THE DRAINAGE AREA OF THE
UINTAH BASIN IN UTAH

PETITION TO APPROVE 2019
COMMISSIONER'S REPORT, 2020
PROPOSED BUDGET AND
ASSESSMENTS 2020 SCHEDULE OF
DISTRIBUTION AND REQUEST TO
APPOINT 2020 RIVER COMMISSIONER
FOR THE LAKE FORK AND
YELLOWSTONE RIVERS AND SAND
WASH CREEK

Docket No. 560800056
Judge Samuel Chiara

Petitioner and the Committee for the Lake Fork River, Yellowstone River and Sand Wash Creek, submit herewith the 2019 Annual Report of the Commissioner, the proposed 2020 Budget and Schedule of Assessments, and the 2020 proposed Schedule of Distribution, in accordance with the Interim Distribution Order signed by the Court on May 18, 1998. Petitioners, also, request the Appointment of the River Commissioner for the year 2020.

In support of this Petition, Petitioners represent to the Court that;

1. By its Interim Order dated May 18, 1998, a committee of water users for the Lake

RECEIVED

MAR 23 2020

WATER RIGHTS
SALT LAKE

LP

Fork River, Yellowstone River and Sand Wash Creek was organized under the direction of this Court. A Chairman of the committee was designated to support the River Commissioner and to aid in carrying out the orders of this Court, in connection with the distribution system for the waters of the Lake Fork River, and the Yellowstone River and Sand Wash Creek systems.

2. The Committee of the Lake Fork River, Yellowstone River and Sand Wash Creek met on January 13, 2020 and Petitioner, Rodger Ames was elected Chairman of that committee and is authorized to file this Petition on behalf of said committee.

3. The committee received and approved the 2019 report of the administration of the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek by Leland L. Carter, the River Commissioner for the year 2020. A copy of that report is filed herewith.

4. The committee reviewed and approved a budget, with schedule of assessments, for the expenses of the River Commissioner for the year 2020. The Budget and Schedule of Assessments are attached hereto as "Exhibit A".

5. The committee has reviewed and approved, after consultation with the Utah State Engineer, a proposed Schedule of Distribution of the Waters of the Lake Fork River, Yellowstone River and Sand Wash Creek and recommends it to the Court, for the year 2020. The proposed Schedule of Distribution is attached hereto as "Exhibit B".

6. The committee voted to recommend to the Court the appointment of Leland L. Carter as River Commissioner of the Lake Fork River, Yellowstone River and Sand Wash Creek, for a term

of one (1) year. Petitioner further alleges that Leland L. Carter is a competent and qualified person to act as said Water Commissioner.

7. It is requested by the committee, if for any reason the River Commissioner does not complete his term of office or is unable to fulfill his obligations as River Commissioner, that the committee be authorized to select a temporary replacement River Commissioner.

8. The committee requests that the Interim Order entered for the irrigation year of 1998 be reaffirmed and made applicable for the 2020 irrigation year, in the following respects:

a. It is requested that the River Commissioner be allowed to distribute the water of the streams and reservoirs involved in accordance with this Court's Interim Order and to do all things necessary for the proper and correct measurement, diversion and distribution of said waters, in accordance with the Decrees of the Federal District Court and state laws.

b. That the River Commissioner be directed to confer with the respective committees in developing a schedule for distribution of water, specifically, the manner in which the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek, and their tributaries, should be distributed, after consultation with the State Engineer, and shall submit annually a recommended Interim Distribution Order to this Court for its consideration.

c. That the River Commissioner be directed to deliver and distribute the

waters of such non-Federal water rights in the Lake Fork River, Yellowstone River and Sand Wash Creek, in accordance with the proposed Schedule of Distribution, attached hereto as "Exhibit B".

d. That the waters for the Federal and non-Federal water rights be distributed in accordance with the terms and limitations of the 1923 Federal Court Decrees in cases numbered 4437 and 4418.

e. That the River Commissioner be required to work with the respective committees to prepare a recommended budget to be submitted to the Court along with a recommended annual budget. Said annual report and recommended budget are to contain assessments made, monies received, along with a report of expenditures. The Court, after receiving the proposed annual budget, shall provide a thirty (30) day period for objections to be filed.

f. Upon approval by the Court, the River Commissioner be authorized to manage the budget, to implement the ordered assessments and collection of assessed amounts from the non-Federal water user organizations or water users, and request assessment and collection from the Bureau of Indian Affairs on the Uintah Indian Irrigation Project, in accordance with the approved budget and schedule of assessment.

g. Any person or entity, which is a water user in the subject rivers, or

otherwise affected by the actions of the River Commissioner, may petition and appear before this Court (about the assessment amounts, the manner in which the water is distributed and/or any other claim relating to the distribution of water). In the event there is a violation of the Court's Order or any part of this Petition or, in the opinion of the River Commissioner, the occurrence of the unauthorized use of water, the River Commissioner be directed to recommend to this Court a solution to the problem, including any remedy to be imposed on the unauthorized water user or violator of the Order.

h. If a non-Federal water user fails to pay any assessments levied, when due, that water users further use of water is prohibited.

i. The Water Commissioner should acquire knowledge of all water rights under his jurisdiction. These water rights will then be distributed to water companies in a timely and fair manner. All water delivery needs to be recorded and presented as requested by water users and state entities with the inclusion of a final year end report.

j. The River Commissioner is responsible for all water changes and must be available on a daily basis. The River Commissioner should physically open head gates and make sure that measuring devices are accurate and that recording devices are working properly. He should periodically check recording devices as

required throughout the season, or more often if necessary.

k. The River Commissioner should monitor rivers in his jurisdiction to determine when flows need to be changed. All canal companies' use, no matter where the water comes from, needs to be recorded and reported weekly.

l. The Commissioner should be responsible for payment of bills. All checks must be cosigned by a member of his River Committee. Any purchase over \$200.00 must be pre-approved by the River Committee.

m. A weekly report of water usage for each company should be mailed to the company or made available on the internet.

n. The River Commissioner may find inappropriate water usage on the river. It is his responsibility to reduce this and, if possible, eliminate it. This may include resolving conflicts with individuals, getting help from the River Committee, involving the State Engineer's help or ultimately involving the State District Court. The methods used to resolve the problems should start easy and simple and pleasant as possible and go on to the next stage only as needed.

o. The year end report should be accurate and complete for all companies and ready for the River Committee budget meeting no later than December 1st.

9. A problem exists at the Rowley diversion being used by Kim Fisher. A head gate and a measuring box needs to be installed by the water user. The committee requests the Court to

authorize the Commissioner to hire the work necessary to construct the diversion works with a waterman head gate and a ramp flume measuring device and assess the water user the cost of that work, if the water users does not accomplish the necessary work within a reasonable time set by the commissioner.

WHEREFORE, Petitioner prays as follows:

1. That the 2019 report of the administration of the waters of the Lake Fork River, Yellowstone River and Sand Wash Creek be approved, as submitted and filed herewith.
2. That the 2020 Budget and Schedule of Assessments, be approved, as submitted and attached hereto as "Exhibit A".
3. That the proposed 2020 Schedule of Distribution of Waters of the Lake Fork River, Yellowstone River and Sand Wash Creek be approved, as submitted and attached hereto as "Exhibit B".
4. That Leland L. Carter be appointed to serve as River Commissioner of the Lake Fork River, Yellowstone River and Sand Wash Creek, for a period of one (1) year.
5. That the Committee for the Lake Fork River, Yellowstone River and Sand Wash Creek be authorized to appoint a temporary replacement should the River Commissioner be unable to complete the one (1) year term.
6. That the specific job description outlining the duties and responsibilities of the River Commissioner be approved.

7. That the Commissioner be authorized to deal with the Rowley diversions by arranging and paying for replacement or new diversion works and assess the water users of those diversions the cost if the water users do not make the improvements required by the Commissioner to the Commissioner's satisfaction.

8. That the applicable provisions of the 1998 Interim Order, as presented herein, be reaffirmed and made effective for the year 2020.

DATED this 24th day of February, 2020.
